Suspension Lifted-No DL Surcharge Pd	*Clear-No DL surcharge suspension is lifted	Driver previously suspended for failure to pay surcharge – <ul style="list-style-type: none"> Driver entered into payment plan or paid in full

*Drivers may have multiple surcharge requirements on driver history. Each requirement is updated individually and the status will reflect clear if no suspension action has occurred or if individual has complied via full payment or installment agreement (payment plan) for all surcharges. Any outstanding surcharges will result in suspension action and status will be updated accordingly. The status reflected on RDL (status) response will indicate if status is clear or suspended based on DRP history as well as any other convictions or enforcement actions that have been reported to the Department.
